Communications:

Mary Nowacki talked about a meeting she attended in Sheboygan Falls for the Sheboygan County Senior Activity Commission on Aging. She could serve as a liaison between the County Commission and our group, if needed. The County provides funding for the meal site in Plymouth. There are also programs available for seniors of lesser income and disabled individuals.

Cher Pao mentioned that there is a United Way program to help low income or elderly income individuals purchase a car. He wanted to know if he could post information on that at the Senior Center.

Wendy received the \$217 Focus On Energy lighting incentive and she is working with the City electricians to get the lamps and ballasts installed.

Old Business: None.

New Business: Wendy's report was read and reviewed. 2 replacements for the Commission will be needed for outgoing Community Members Pat Weisrock and Pat Henderson. Ideas for this were discussed.

The next commission meeting will be on April 19, 2012.

The meeting was adjourned with a motion from Joe Heidemann and seconded by Don Guske.
